

August 3-7, 2020

What is outbreak?

Outbreak is an interactive program that offers high school students exposure to different careers in public health. Students will be immersed in a range of public health topics, participate in hands-on research activities, discover career choices, and develop leadership skills.

What is the Outbreak schedule?

Outbreak is 5-day program that runs from 9:00 AM to 3:30 PM. Attendance is mandatory all 5 days.

What is the cost?

Outbreak is **FREE** to all participants!

What will we do at Outbreak?

1. Learn about how public health impacts your daily life
2. Learn about the exciting history of public health
3. Take field trips to MA State Laboratory and Lowell Community Health Center
4. Meet and learn directly from professionals in the field

Can anyone participate in Outbreak?

The program is open to rising juniors and seniors in the fall of 2020.

Is Outbreak a good fit for me?

We encourage all students with interest in epidemiology, bioethics, occupational and public health nursing and any other fields to join us! With workshops and panel sessions, our program is a comprehensive introduction to public health as a viable career path.
